**BETTER SCIENCE
BETTER INGREDIENTS
BETTER RESULTS**

Carbamide Peroxide – Whitens at full strength for entire session

Hydrogen Peroxide – Fast acting for rapid stain removal

Xylitol – Natural sweetener that helps neutralize bacteria,
prevent plaque and re-mineralize teeth

Aloe – Soothes gums and heals oral tissue

Neem – Anti Bacterial and antiviral properties. Helps remove plaque

Potassium Citrate – Natural desensitizing agent

Calcium Lactate – Binds to teeth for re-mineralization (not lactose)

Zinc Chloride – Promotes healthy breath.

Peppermint Oil – Provides soothing flavour, anesthetic
and counterirritant qualities

PH Neutral

Safe For Enamel

Gluten Free

Silica Free
