

## UPDATE ON COVID-19 OFFICE CLOSURE

**Dear Patients,**

On March 15<sup>th</sup>, 2020, The Royal College of Dental Surgeons of Ontario (RCDSO) has issued an email advising all dentists and dental specialists in Ontario to suspend all elective, non-essential dental services, effective immediately for at least the next two weeks.

The RCDSO has indicated that they will revisit this recommendation in the first week of April.

For this reason, our office is required to suspend all elective services, starting Monday March 16<sup>th</sup>, for the next two weeks, or until otherwise directed by the Royal College.

During this time, if you should have an acute issue, which requires urgent attention, please contact our office, so that we can address this concern appropriately.

Please do not come into the office without calling us first.

We sincerely apologize for the inconvenience that this may cause. We understand how disappointing this will be to our new patients as well as our existing patients.

Please understand that the current situation is out of our control. We are very hopeful that this action taken by the Royal College of Dental Surgeons of Ontario, will be effective to swiftly suppress the progression of the coronavirus in our city, so that we can all get back to work and continue to do what we love, which is to look after all of your dental needs.

We will continue to do everything we can to keep you informed during this very challenging time.

Please do your best to be socially responsible and to stay healthy.
